

Feel the Value

- Better feel and control
- Quality performance
- Less tissue trauma
- Precise positioning

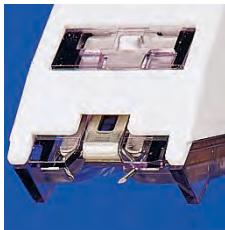

Quality Performance for External Wound Closure

Sharper staple
to provide less tissue trauma.

Non-stop feed
for reduced jamming.

Pre-cock function
for exact staple positioning.

Taller staple
for easier, less painful removal.

The Weckstat® Skin Staple Extractor

Our unique ring handles provide improved feel and control while our metal jaws provide both strength and reliability.
