

HEMOCLIP PLUS EASY LOAD

SIMPLER APPLICATION.

Since Weck pioneered the first clip in 1963 the Hemoclip system has become the worldwide standard.

Today this clip is available in the form of a unique EASY-LOAD clip bank, which stands for increased speed, comfort and dexterity during surgery.

When you add up all the advantages, including the new clip bank, the heart-shaped wire, the complete closure of the clip and the profiled instruments, you arrive at a premium clip system for worldwide use in the operating theatre.

OUR ADVANTAGES:

- new clip bank
- heart-shaped wire
- complete closure
- profiled clip appliers
- easy loading
- colour coding

EASY LOAD - clip loading made simpler
